(By Associated Press.) (By Associated Press.)
LODZ, June 24.—Since the arrival of reinforcements this morning, the general fighting in the city has stopped, but the outbreak is by no means quelled and fresh collisions are expected momentarily. The city resembles a shambles and the terrible scenes of the las tiwo days will never be wiped from the memory of the

The fighting spirit of the people is fully aroused. They have tasted blood and want more. Certainly the revolutionary spirit is abroad, and it remains to be seen whether military measures will have the same effect as previously.

Occasional volleys are still fired by the police or gendarmes in response to shots from houses.

The soldiers are showing what appears to be wanton cruelty. Late this afternoon they shot and killed two women, a mother

Market gardners coming in were stopped and their carts used in building barricades. Wires were stretched in front of these barricades and the cavalry was unable to charge. Meanwhile the mob had secured arms and revolvers were freely used. Finally the military secured the upperhand, but not without considerable losses to themselves and fearful slaughter to the rioters.

The soldiers exhibited the utmost carclesaness as to whether they killed peaceful persons or rioters, and as a consequence men, women and children were among the dead.

(Special to The Times-Dispatch.)
RALEIGH, N. C., June 24.—John C. Dockery, son of United States Marshall H. C. Dockery, and himself a denuty marshal, was shot and probably fatally wounded just before noon to-day by Po liceman Isaac W. Rogers. The shooting was on the marble stairway of the Tucker building, the principal office building in the city and was on the ground that Dockery had betrayed one of his daughters, a sixteen-year-old girl.

In fact the charge was that Dockery and C. M. Bernard, ex-United States District Attorney, had carried the Rogers girl and her friend, Miss Bertha Howell, to a disreputable house more than a week of the city for some days and Bernard is now in Wilmington, and Dockery only returned here this morning, when H. C. Howell, brother of one of the girl's involved, for himself and Rogers, served notice on Dockery for civil suit for damages, and the transfer and the civil suit for damages. ages against the two men.

Shot in the Back. At the time of the shooting, Dockery was going up the steps with Howell to the office of James H. Pou, Dockery's attorney with a view to settling the case if possible. Suddenly Rogers appeared at the head of the steps revolver in hand, said: "Good morning, Mr. Dockery," and fired twice. Dockery having turned when he saw Rogers with his revolver, re-ceived both balls in the back, one enter-ing above his shoulder, shattering the joint and passing downward into the cavity. The, other ball entered lower down about the side and also entered the

Dockery fell on the first landing, managed to get his revolver out and fired at Rogers, the ball striking him in the calf of the leg, inflicting merely a flesh wound. Dockery was carried to Rex Hospital, where physicians attended him, his condition being found to be so serious that an anti-mortem statement was taken. There seems to be little chance for his life.

Rogers is in jail awaiting the result of Dockery's wounds and a hearing is set for next Tuesday.

be allowed to live here longer. He has the shock and is doing as well as could be expected, but that there is very little chance for recovery. Dockery told the physicians to-night
